Presumably the sum of Rs.890 shown as for payment of temporary allowance of Rs.4" represents the Provincial contribution. The councils contribution from its general account is Rs.3210 and this should be split up.

p 6 cifra

No. It is the Councils' contribution towards Rs 4 allce.

p 8 cifra

4. The annexure does not indicate the number of teachers drawing the different scales of pay. It is therefore not possible to check effectively the amount provided in the Budget Estimate for 29- 30 under "salaries and allowances masters".

The general Budget of the Mpl. The fifth general Budget of the Municipality for 1929-30 has since been received. With considerable difficulty the Council was able to avoid the deficit under the general Account and secure a balance which is still far below the required minimum. Even this balance the Council cannot maintain unless it is allowed to utilise Rs. 6.25° for anti-malarial purposes from the water supply and drainage account and it is being proposed to allow the Council to do so. In the fifth budget now received the actuals for 1928-29 have been adopted. Provision is made for a contribution of Rs. 3,210 (the normal contribution) from the Ele. Act to the Ele. Edn. Act for each of the two years 1928-29 and 1929-30 against Rs. 4,400 shown in the Ele. Edn. ~~Account~~ budget for each of the two years 1928-29 and 1929-30. Even with this contribution the Ele. Edn. Act is expected to close with a surplus balance. In the circumstances stated above, Local (Edn) may be requested to accept ~~as special case~~ Rs. 3,210 as contribution for the two years 1928-29 & 1929-30 and not to insist upon Rs. 4,400 being provided.
